

A watercolor illustration of a grapevine. The scene is set against a light, textured background. In the upper right corner, a cluster of dark purple grapes hangs from a branch with several green leaves. Another cluster of similar grapes is positioned in the lower right. The central and lower-left areas are filled with various green leaves of different shapes and sizes, some showing signs of aging or damage. A thick, dark brown branch runs horizontally across the middle-right section. The overall style is soft and artistic, typical of watercolor painting.

# The School Zone

APRIL 28, 2024

## STEAM Showcase

The middle school students will be hosting a STEAM Showcase on Tuesday, April 30th. Each grade level has a unique focus from their Elective class -- 6th graders have projects based on a "Genius Hour," which is time spent on learning something each individual student chose to learn about; the 7th graders designed homes and researched all the time, effort, and money that goes into taking on that huge task; and 8th graders focused on a "Impact Project" -- doing something that would impact themselves, their family, their school, or their community. Students have been hard at work to complete their projects.

Some projects have already begun. Students were allowed to be out of uniform on Tuesday, April 9 if they made a donation of \$1 or more towards a project that is going to send gift bags to local farmers. Another project involves a basketball clinic that will be held in the school gym with the proceeds benefitting Special Olympics. Come and see what else our students have come up with! The public is invited to come check out the projects. Showcase "open" times are as follows: 1:00-2:20 and 3:00-4:00 on April 30. Come join us to learn...discover...and explore!

**ROGATION DAYS** were traditionally celebrated on the three days before the solemnity of the Ascension. As the planting season is underway, it is customary for farmers to seek God's blessing on their crops and so the three Rogation Days are used for prayer. As the seeds are planted, God is asked to protect them from disease and destruction and to bring forth from them an abundant yield. The following prayer may be used:

*Let us together praise the Lord from whom we have rain from the heavens and abundance from the earth.*

**BLESSED BE GOD NOW AND FOREVER.**

*O God, from the very beginning of time you commanded the earth to bring forth vegetation and fruit of every kind. You provide the sower with seed and give bread to eat. Grant, we pray, that this land, enriched by your bounty and cultivated by human hands, may be fertile with abundant crops.*

*Then your people, enriched by the gifts of your goodness, I will praise you unceasingly now and for ages unending. Grant this through Christ our Lord. AMEN. MAY GOD NOURISH US AND CARE FOR US, NOW AND FOREVER.*

**AMEN.**
